

Hegin metalfinishing B.V. herewith declares that below mentioned coatings are compliant with the following EU-regulations:

**2000/53/EG ELV
2015/863 RoHS 3**

Electroless deposited:

Electroless Nickel mid phos on all substrates
Electroless Nickel high phos on all substrates
Niflon plating (Nickel PTFE) on all substrates

Electro deposited:

Silver on all substrates
Tin on all substrates

Conversion coatings

Chromiteren (Cr³⁺ conversion layer on aluminium substrate)

Anodising:

Colour anodising
Hard anodising

Stainless steel treatments:

Pickling and passivation
Electro polishing
